**Comments from your City Administrator
Jeana L. Woods, CPA**

We have completed our 2019 Citizen's Academy and I will be recognizing our seven community participants with certificates of completion during the March 7 Board of Aldermen meeting.

The 2019 Osage Beach Citizen's Academy was our first academy, consisting of one night per week over the past several weeks. The objectives of the program were to engage the community with city government staff, inspire future participation at the local level, and

provide education to our participants on how our local government functions by department on a day-to-day basis to provide our city's services.

We covered a variety of topics which included tours, demonstrations, and other presentations by department personnel. The topics included government overview, budget, finance, HR, and other functions at City Hall, public safety, 911 communications, court, ambulance, planning, building inspection, parks, public works, airports, economic development, and quality of life. Although we had one evening that was affected by bad weather we were still successful in covering all the information.

I want to thank the citizens who chose to spend one evening a week with us for several weeks. I appreciate their engagement and their interest in our local government! I also want to thank the staff for sharing their knowledge!

I plan to hold an academy annually with the next one scheduled for early 2020.

Jeana L Woods, CPA, City Administrator

***GET TO KNOW YOUR
CITY EMPLOYEES...***

Welcome

DAVID HURTUBISE
EMT-B

Judy Smith - 25 Years of Service

Public Works Department Secretary Judy Smith retired after 25 years of service to the City.

In 1994, Judy started in the newly established Public Works Sewer Department helping get the department off its feet.

Enjoy your retirement Judy! You will be missed!

Are you StormAware?

StormAware means you and your family know how to protect yourselves in the event of a tornado or severe weather, aware of weather forecast and monitor severe watches and warnings. You have developed a plan for you and your family for home, work, school, and when outdoors.

It's important to remember, tornadoes develop in areas where a severe thunderstorm watch, or warning is in effect, so listen for this information as well. Tornado Watch – possibility of tornadoes. Remain alert for approaching storms.

Tornado Warning – sighted or indicated by weather radar. Move to your pre-designated place of safety. March through May is considered peak tornado weather in our area.

Missouri's 2019 statewide tornado drill will be held on Tuesday, March 5, 2019 at 10 a.m.

Preparing before severe weather:

- Develop a plan for you and your family for home, work, relatives or friend's homes.
- Listen to radio, television or NOAA weather radio for information.
- Know children's school and daycare emergency plans as well as dismissal policy.
- Make sure everyone understands warning siren systems.
- Have an emergency kit.
- Teach family how to administer basic first aid, use a fire extinguisher and how to turn off water, gas and electricity in your home.

During storm or tornadoes

- In a home or building, move to a pre-designated shelter, such as a basement.
- If an underground shelter is not available, move to an interior room or hallway on the lowest floor, and get under a sturdy piece of furniture.
- Stay away from windows.
- Get out of automobiles.
- Do not use a highway overpass as shelter.
- Do not try to outrun a tornado in your car; instead, leave it immediately.
- If caught outside or in a vehicle, lie flat in a nearby ditch or depression.
- Manufactured (mobile) homes, even if tied down, offer little protection from tornadoes and should be abandoned.

For more weather facts and safety information or to sign up for severe weather alerts, visit <https://stormaware.mo.gov>

EMERGENCY KIT BASICS

Keep the following items in a container that can be easily carried

- Water and canned or dried food
- Battery powered radio
- Flashlight
- Extra batteries for the radio and flashlight
- Prescription medications
- First-aid kit

OSAGE BEACH PARKS & RECREATION

2019 Summer Youth Leagues

Registration is now open online at:
<http://osagebeach.recdesk.com/community/program>

Registration Clinics

If you would rather register and pay in person, you can do so at one of the registration clinics held at the Osage Beach City Park. Come any time from 10-1PM. Cash, card, check are all accepted! Players registering in 8U, 10U, 12U, 14U Recreation leagues must attend to get skills evaluated by our staff. Skill evaluations should only take 20-30 minutes and will focus on throwing/catching, fielding, and batting. Bring a glove!

Registration Deadline

Registrations will not be accepted after March 15, 2019 at 11:59PM

Coach Meetings

Coaches will receive their team rosters and schedules at this meeting and will contact parents within 1-3 weeks. OBPR will contact all coaches with meeting information.

Games Begin

10U, 12U, and 14U baseball and softball games will begin the week of May 6th.
6U t-ball & 8U coach pitch games will begin the week of May 13th.

Department of Public Works by Nick Edelman

BACKFLOW

Inspections Information

Pursuant to Missouri Department of Natural Resources Drinking Water Program regulations, **certain** customers of public water systems are required to have and maintain backflow assemblies on water lines. This includes irrigation systems and dock-supplied water lines. The City of Osage Beach, as the supplier, must insure the safety of our potable water supply. **All backflow devices must be tested, once per year**, by a Certified Backflow Inspector. Courtesy advance notification letters are sent out, to the mailing address on file with the City, by the Osage Beach Department of Public Works prior to the testing anniversary date. Overdue letters are sent as a second reminder. Remember, it is the home/business owners responsibility to make sure the City has a copy of your yearly test. According to City ordinances, these are the only contacts you will receive before your water is shut off. You will then have a reconnection fee after we receive your current backflow test. Please, if you have any questions, give Public Works a call at **302-2020 ext. 2010**, or come by and pick up a DNR information sheet. You can also log onto **www.dnr.mo.gov** and click on Water Protection Program.

COPS OUT AND ABOUT
