RECEIVED

NOV -5 2021 CITY CLERK

Osage Beach City Council 1000 City Parkway Osage Beach, MO 65065

Dear City Council,

I have lived in Osage Beach for five years and love this community. I agree with most of the policies we have in place here in Missouri, and I want to thank you for all the work locally that has been put into it. I can tell that the policies here are being put into effect for the good of the people--not for personal gain, and I thank you for that.

I live on Lazy Days Rd. The very large Lazy Days condominium complex is at the end of the road. Many, many people walk their dogs and jog along the side of Lazy Days Road. Having two dogs of my own, I have noticed that the sidewalk is not in very good repair. It is narrow, cracked, and hard to walk and run on. We have to walk single-file and if we walk a little bit on the side of the road, it is frightening when cars come speeding by. Some drivers move over a bit to avoid coming too close, but others pass by without moving over at all. It is dangerous.

Earlier this week, as my family and I were walking, a school bus came up behind us. The bus was not allowed to cross the double yellow to avoid us. The bus driver honked the horn which scared the daylights out of us and our dogs.

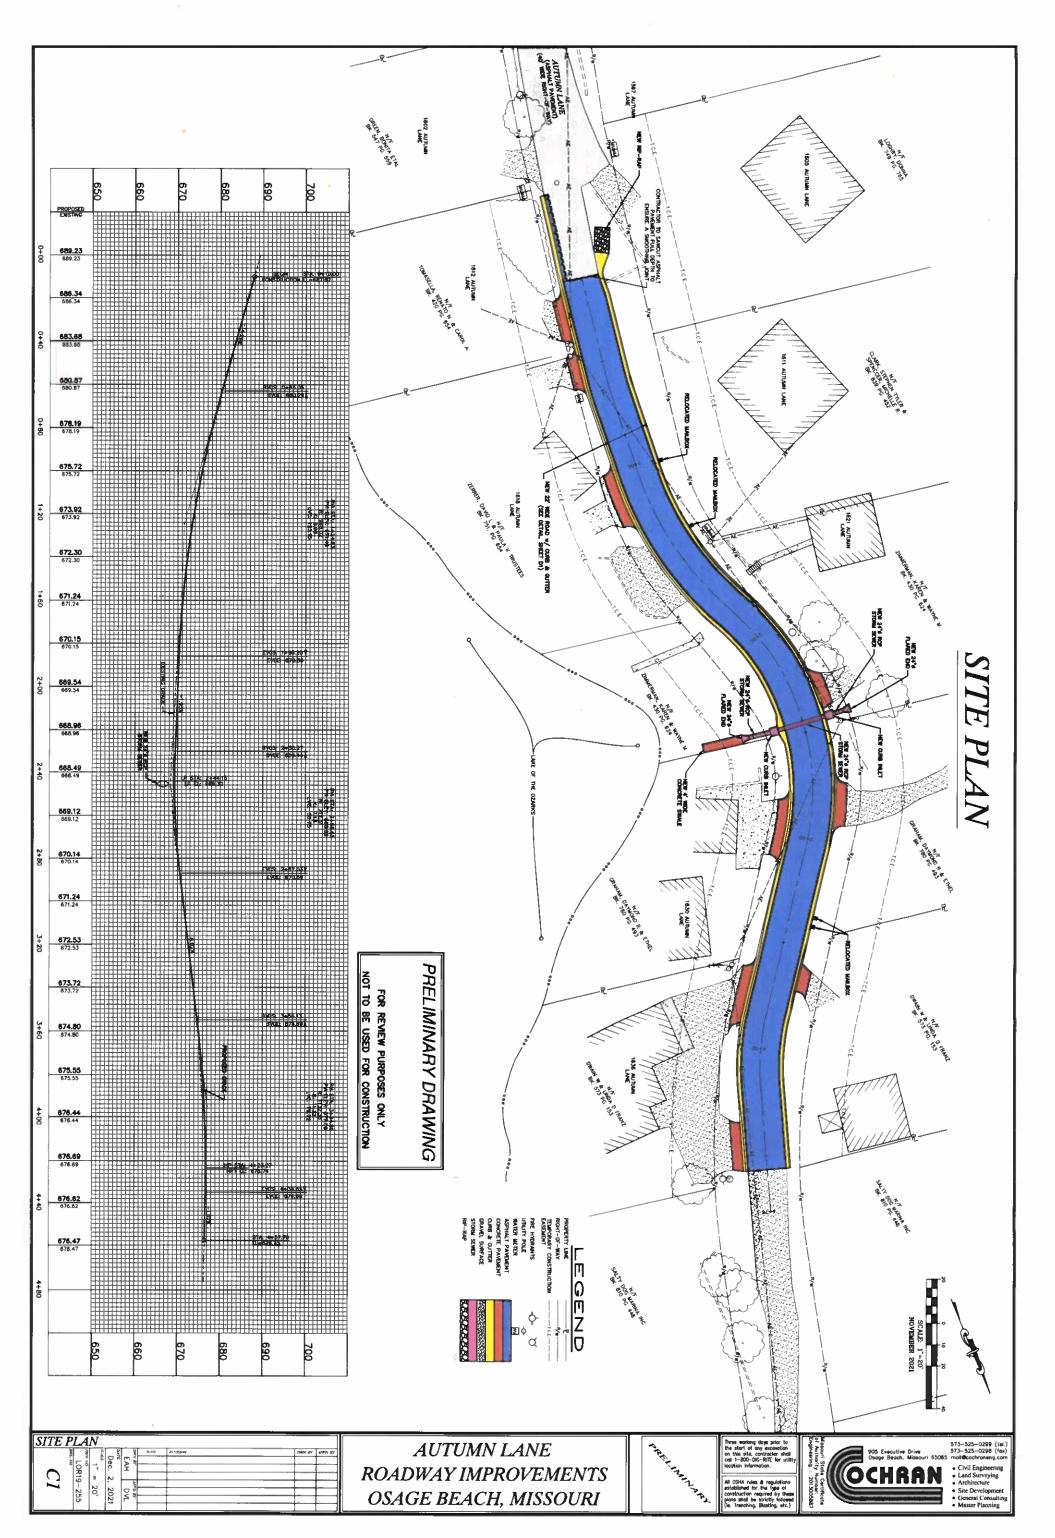

I am sure that many others in the neighborhood would agree with the when I say that I would like to be able to walk on a wide, smooth sidewalk.

Is there anything that can be done about this problem? If so, I--and I'm sure many others--would be very appreciative for a solution. Please take my thoughts under consideration.

Respectfully,

Kimberly Kofoed

Kekofold

## **Department Comments and Recommendation:**

In November, the City did an informal bid process for the 5481 Driveway Improvement project. Bids were opened on November 30th. Multiple contractors showed interest, but Stockman Construction was the only contractor that turned in a bid. Stockman's bid form and a bid tab is attached. Stockman's bid came in at \$34,320.00.

## **City Attorney Comments:**

Per City Code 110.230, Bill 21-80 is in correct form.

## **City Administrator Comments:**

History: This project, Osage Beach Sidewalk Replacement Entrance Project, was budgeted in FY2021 for \$110,000 and the scope included modifying several entrances along the Osage Beach Parkway, smoothing out the entryways (removing a bump) from the original design. The original construction of said 'bump' was the result of the Osage Beach Sidewalk Improvement Project Phase 4 completed in the summer of 2016 and affected driveways for the most part along the parkway between Nichols Road and Case Road area, Bill #16.56. After working with several property owners interested in modifying the 'bump', only one property proceeded to have the entrance replaced, resulting in an engineer estimate of \$17,205.

On October 7, 2021, the Board of Aldermen approved a motion to proceed with a scope change to the project and complete the one entrance replacement not to exceed the presented engineer's estimate of \$17,205. Bidding was recently completed and as stated above, \$34,320 was the result of on bidder.

This bill is presented to the Board of Aldermen for a contract award decision because 1) bidding only resulted in one bidder (Chapter 135 of City Code), 2) the amount is greater than \$25,001 (Chapter 135 of City Code, my authority is up to \$25,000), and 3) the motion in October approved a modification to the project scope with a stated limit to my approval on said project of not-to-exceed the \$17,305.

#### **Department Comments and Recommendation:**

There are four recommended changes to Section 125.050 Pay and Compensation:

- Section 125.050.E Periodic Position Review and Maintenance of Job Descriptions. The review of all positions was changed to five years several years ago. The change to the ordinance was inadvertently overlooked. This change reflects current practice. Cost of this item is expensed via line item 10-12-733415 Job Class/Compensation Plan.
- 2. Section 125.050.G.1 Overtime/comp. time/flex time. Changed the policy date to 01/01/2022. Details of the changes are outlined in another agenda item (Bill 21-82).
- 3. Section 125.050G.2 Tuition Reimbursement. Changed the policy date to

- 01/01/2022. Details of the changes are outlined in another agenda item (Bill 21-83).
- 4. Section 125.050.G.8 Call out Pay. This requested change is to the title only to reflect internal terminology.
- 5. Section 125.050.G.9 Pager Pay. Staff is recommending that pager pay be changed to stand-by pay. Staff is also recommending the compensation employees receive to be on stand-by for the purpose of on-call status be changed from eight (8) hours regular pay each week on stand-by to seven (7) hour overtime rate. Human Resources has had many conversations with current and exiting City employees regarding concerns with on-call status and its impact on personal life. While the City is currently reviewing ways to help alleviate the burden of on-call in the Public Works departments this recommendation provides an increase in compensation and flexibility. The seven (7) hours stand-by pay allows employees to easily ask co-workers to fill in for them if the stand-by employee has prior short-term commitments. Cost of this item is budgeted in the salary line item for applicable departments.

#### **City Attorney Comments:**

Per City Code 110.230, Bill 21-81 is in correct form.

#### **City Administrator Comments:**

I concur with the department's recommendation.

Regarding Stand-by Pay requested changes: Adjusting the stand-by pay (formally known as pager-pay, which is a bit outdated) not only appropriately compensates for the requirement for specific employees to be available as scheduled by their department manager outside of business hours (nights and weekends mostly), but more effectively manages the scheduling, accountability, and appropriate compensation on a daily basis instead of weekly, adding more flexibility for both the employee and the department. The fiscal impact of this change, which the FY2022 will support, is less than \$40,000 annually city-wide (depending on department activity), approximately 1/2% of FY2022 total personnel expenditures.

#### Section 125.050. Pay and Compensation.

It is the policy of the City of Osage Beach that a Classification and Compensation System be established and maintained to provide a means to assist in recruiting, retaining, and rewarding qualified employees. The Classification and Compensation System shall seek to establish wage and salary ranges that are competitive with the labor market.

The objectives of the system are as follows:

- 1. To maintain pay structures that are competitive with labor markets from which employees are recruited and is reflective of the values and goals of the City.
- 2. To ensure the most effective and efficient use of the City's financial resources.
- 3. To provide a rational basis for making pay decisions eliminating arbitrary salary assignments, thereby establishing and ensuring internal fairness and equity.
- A. Preparation Of Plan. The City Administrator or the person or firm employed for that purpose shall ascertain and record the duties and responsibilities for all positions in the classified service and shall recommend a classification plan for such positions. The classification plan shall consist of classes of positions in the classified service defined by class specifications, including job titles. The classification shall be developed and maintained to insure that all positions substantially similar with respect to duties, responsibilities, authority, and character of work are included within the same class, and that the same schedules of compensation may be made to apply with equity under like working conditions to all positions in the same class. Job descriptions shall reflect normal duties but shall not preclude the assignment of additional duties as best meets the needs of the City.
- B. Maintenance Of The Classification And Compensation Plan. The Human Resources Generalist and City Administrator are responsible for implementation and maintenance of the Classification and Compensation System. These responsibilities include assessment of proposed new positions, reassessment of existing positions, preparation and maintenance of job descriptions and assignment of position titles and pay levels, and maintenance of the overall City pay structure.
- C. Assessment Of New Positions.
  - Following approval to create a new position, the supervisor completes the job analysis questionnaire (JAQ) describing the duties to be assigned to the position.
  - 2. The department manager submits the JAQ to the Human Resources Generalist and City Administrator for assessment.

- 3. The Human Resources Generalist conducts an assessment of the duties and responsibilities of the position and, in consultation with the City Administrator assigns a position title and pay level.
- 4. The department manager is notified in writing of the position title and pay level.
- D. Reassessment Of An Existing Position.
  - 1. Except in unusual circumstances, requests for reassessment may be made annually in concert with budget preparation. Each year the Human Resources Generalist will notify departments of the period within which any position reassessments must be considered. A review of a position's classification is warranted when there has been a material, significant, and permanent change in job duties. The supervisor or department manager is responsible for recognizing such job changes. Additionally, an employee who believes his or her job is not properly classified may request a reassessment.
  - When the supervisor and department manager concludes that a material, significant, and permanent change in job duties has occurred, the JAQ should be completed and sent through administrative channels to the Human Resources Generalist.
  - 3. Upon receipt of a JAQ, an assessment of the duties and responsibilities of the position will be made. This process usually includes an interview with the employee and supervisor. Following a complete evaluation, the Human Resources Generalist in consultation with the City Administrator will determine if the job should remain as presently classified or if a new classification is appropriate. The department manager is notified in writing of the reassessment results.
- E. Periodic Position Review And Maintenance Of Job Descriptions. In order to ensure that jobs remain in the appropriate classification and job descriptions are relevant, the Human Resources Generalist is responsible for establishing procedures so that all positions are reviewed every eight (8) five (5) years.

Through annual review of the Pay Plan, the City Administrator will recommend necessary modifications and the Board of Aldermen may consider the need for any changes between the City's level of pay and market pay level for jobs. Modification of the Pay Plan will be based on changes in the market and the City's available resources.

The Human Resources Generalist will annually compare pay ranges established in the Pay Plan with market pay for similar jobs.

#### **Department Comments and Recommendation:**

The definition of hours worked for overtime purposes was redefined in 2017 to not include personal time, holiday time, vacation time, and comp. time. Prior to the 2017 change, employees received overtime after 40 hours worked in a seven-day period when they used paid time off leave balances. The change in 2017 was driven by best practices and budget constraints. Since the 2017 change, human resources has had a lot of conversations and requests regarding this change with employees. The common complaint is the negative impact this change has when an employee works a lot of hours during a seven-day work week that includes a holiday. The common request is to include holiday hours as hours worked. Human Resources agrees that this change does create a negative impact on the employee. An employee does not control how a holiday falls within a work week. The employees do have control of when they request use of

personal, vacation, and comp. time hours.

In addition, employees have asked that the number of comp. time hours that can be banked be increased from eighty (80) to one-hundred twenty (120) hours. This request remains under the comp. time accrual limits of 240 hours for all non-law enforcement/EMS personnel and 480 hours for law enforcement/EMS personnel regulated by the FLSA.

Currently there are 6 employees that have comp. time balances at 80 hours and 4 that are above 80 hours. The employees above 80 hours are in departments that the City Administrator approved to exceed 80 hours due to staff shortages.

If there are costs incurred by this request, they are included in the FY 2022 budget presented tonight in the salary and overtime line items for the applicable departments.

#### **City Attorney Comments:**

#### **City Administrator Comments:**

I concur with the department's recommendation.

I agree that it is appropriate to pay employees at an overtime rate for applicable, additional hours worked during the holiday work week as it would have been a full work week without the holiday. For example, if a holiday is on a Monday and City offices are closed and, therefore, the employee is off, the work week is now 32 working hours in said week and any work hours exceeding that would be paid at the overtime rate, if this change is enacted. This change excludes employees deemed shift workers who are paid special leave pay at year-end equal to the number of holidays. Due to their schedules and department make-up, Shift workers defined in the Chapter who receive special pay at year-end do have control on when or if they take time off for a holiday in lieu of special payment at year-end.

I also agree that an increased cap on Comp. Time is appropriate and would give greater flexibility to the employees and the departments they work in. Due to staffing shortages, I have given special approval over the past couple years to specific departments to allow more accumulation of Comp. Time when enforcing the current cap on Comp. Time was deemed more harmful to the department's productivity at that given time.

# CITY OF OSAGE BEACH OVERTIME/COMP TIME/FLEX TIME POLICY

### City of Osage Beach Overtime/Comp Time/Flex Time Policy Statement

The City of Osage Beach recognizes the fact that in designing employee benefit plans, 'one size does not fit all'. The Overtime/Comp Time/Flex Time Policy is designed to allow direction and freedom in individual time related to overtime, comp time and flex time in relation to hours worked.

#### **Policy and Procedures**

#### 1. Application

It is the policy of the City of Osage Beach that nonexempt City employees who work hours in excess of their standard workweek shall be compensated for such overtime at a rate of time and one-half as required by the Federal Fair Labor Standards Act. Employees may be compensated for overtime worked in the form of overtime wages or compensatory time off at the rate of time and one-half.

Flex Time is when an employee alters his/her normal work schedule to maintain the standard work week hours due to arising obligations, i.e., medical appointments, etc. Flex Time is available on a short term basis to all employees with proper approval.

#### 2. Policy and Procedures

#### A. Overtime

Provided that in the event annual leave and personal leave have been exhausted due to the illness of an employee or a family member within the employee's immediate household, compensatory time may be used without specific advance approval.

Overtime/Comp/Flex Time Policy Revised January 1, 2017-2022

#### **Deadline for Action:**

Yes - staff would like the changes to be effective January 1, 2022.

#### **Budgeted Item:**

Not Applicable

#### **Budget Line Information (if applicable):**

Not Applicable

#### **Department Comments and Recommendation:**

New and promoted employees are placed on a six-month probation period and upon successful completion of the probation period, employees are awarded a merit increase. When the pay plan was originally adopted, the merit increase was 3%. Several years ago, the amount changed to 2% due to budget constraints. Increasing the merit awarded at the end of probation to 3% would provide a positive work environment and help with movement through the pay plan levels.

This change is included in the submitted FY 2022 Budget under the salary line item for each applicable department.

#### **City Attorney Comments:**

Per City Code 110.230, Bill 21-84 is in correct form.

# **City Administrator Comments:**

I concur with the department's recommended request. This change was part of the proposed pay plan changes discussed at the budget workshop and is supported in the FY2022 Operating Budget.

The probationary period shall be regarded as a part of the testing process and shall be utilized for closely observing the employee's work and for securing the most effective adjustment of a new employee to the position. The department manager concerned shall evaluate all probationary employees in accordance with established City policies. The City Administrator will be notified and given regular updates as to the progress being made. If the probation was a result of a merit evaluation, at the end of the probation, if the employee has brought his or her performance up to "meets expectations," he or she will receive a merit increase for the remaining months of the annual evaluation. The employee will be reevaluated again on his or her regular annual evaluation date but will not be reimbursed for the months spent on probation.
- 2. If an employee is placed on three (3) month probation and has not improved his/her performance, the employee will be given an additional three (3) months to improve. If no improvement is made at that time, he/she will be terminated immediately. At no time will a probation period be extended beyond six (6) months.
- When possible, the employee should be provided at least ninety (90) days' warning of the developing problems. This can be done through informal counseling and oral and written reprimands. Records of these actions should be kept by the supervisor, with copies of reprimand forms sent to the department manager and the Human Resources Generalist.

### **Department Comments and Recommendation:**

### **City Attorney Comments:**

Per City Code 110.230, Bill 21-86 is in correct form.

### City Administrator Comments:

Working under our current LOR Engineering, LLC dba Cochran Engineering Contract, this request establishes a not-to-exceed spending authority of \$325,000 for contracted services for the upcoming FY2022 fiscal year. The FY2022 Operating Budget supports this request. For comparison, FY2021 service expenditures were approved at a not-to-exceed \$313,000.

History: In November 2019 the Board of Aldermen approved the Professional Service Agreement with LOR Engineering, LLC, dba Cochran Engineering, to provide the City with professional City Engineering services. This contract agreement remains current and is, for the most part, a time and expense contract in which we pay for engineering and consulting services as needed and utilized.

Cochran Engineering provides the City with valuable, professional engineering services from a team of experts. All expenditures and work completed are categorized by services received and by project, i.e. transportation, water, sewer, etc., and each appropriate fund reimburses the General Fund for said services appropriately. This is handled through an accounting process at year end, identified in the budget as Administrative Services.

This request is for the purchase of 25 Axon Body Worn Cameras (BWC) and the necessary equipment and software required to operate them. The Police Department conducted a test and evaluation trial of the units and were impressed with the clarity of the video and audio that the units provided, as well as the ease of use of the units. Axons Evidence.com software simplifies the evidence collection and dissemination process. Axons customer service has been outstanding throughout the test and evaluation project. Also included in the project is cloud storage, which has been highly recommended by our IT Department. Axon provides both BWC and In-Car Video solutions for a large number of Law Enforcement Agencies across the country.

The Police Department recommends approval.

### **City Attorney Comments:**

Per City Code 110.230, Bill 21-87 is in correct form.

### **City Administrator Comments:**

I concur with the department's recommendation.

The Board of Aldermen amended the FY2021 Operating Budget late in October 2021 for body cameras, necessary supporting equipment and software, adding \$68,000 to the FY2021 budget. Over the past several weeks, the department evaluated several setups from different vendors, Axon Enterprise, Inc., proving to be the best product and service for the City. The program as outlined in the agreement will commence upon approval with first payment to be made in January 2022. A budget amendment will be brought before the Board to appropriately carryover the FY2021 budgeted amount to FY2022 for the first year's equipment and software support payment.

AN ORDINANCE OF THE CITY OF OSAGE BEACH, MISSOURI, AUTHORIZING THE CITY ADMINISTRATOR TO SIGN AN AGREEMENT WITH AXON ENTERPRISE, INC. ### Agenda Item:

Motion to approve the donation of a jetter trailer, currently deemed as City surplus, to the City of Linn Creek.

### Requested Action:

Motion to Approve

### **Deadline for Action:**

### **Department Comments and Recommendation:**

The attached letter from Jeff Davis, the Mayor of Linn Creek, asks that the City of Osage Beach consider donating our old Jetter trailer to the City of Linn Creek. The City of Linn Creek has been made aware that this jetter is currently broken and that parts for this equipment are no longer widely available.

The Osage Beach Board of Alderman approved the purchase of a new truck mounted sewer jetter in the fall of 2020 that better meets the needs of our staff and sewer system. Osage Beach has no need for this old jetter trailer and is considered surplus with an estimated 'scrap only' value.

I recommend approval.

### **City Attorney Comments:**

### **City Administrator Comments:**

Chapter 135.080.A.e. of City Code states that 'in the event property has been deemed by the City Administrator or his-her designed to be surplus and of no use to the City, the Board of Aldermen may elect to donate stated property to a charity or other not-for-profit organization'. This item has been deemed to have no use to the City and was placed on the surplus list through our operational procedures. Given the type of item and the fact that we have determined that the item has minimal scrap value, I recommend the Board consider this request of donation to our neighboring city for their use.

Kevin Crooks Osage Beach Dept. of Public Works 5757 Chapel Ln Osage Beach, MO 65065

Mr. Crooks,

It is our understanding that you possess a "jetter" which is no longer in use by the City of Osage Beach. It is also our understanding that you have an interest in donating that "jetter" to the City of Linn Creek.

The City of Linn Creek would gladly accept this donation with the intent to use it for City projects. The City is aware that there may be minor issues with this equipment requiring maintenance or repair.

Your donation will assist the City of Linn Creek in maintaining a safe and healthy community for it's citizens. Thank you again for being a partner community and for your donation to the City of Linn Creek.

Sincerely.

Jeff Davis, Mayor City of Linn Creek
