The purpose of this Master Service Order Agreement ("MSOA") shall be to include all Service Orders for locations listed herein under a single Master Service Order Agreement. The Master Service Order Agreement includes this agreement and all schedules, exhibits and Service Order attachments ("Attachments") appended hereto or subsequently signed by the parties, (collectively, this "Agreement"). All services provided to Customer by AireSpring are governed by the terms of a Master Service Agreement ("MSA"), which may be found at <https://airespring.com/service-terms/> and AireSpring's Acceptable Use Policy, which may be found at <https://airespring.com/service-terms/acceptable-use-policy-aup/>, both of which are incorporated into this Agreement by this reference. Unless explicitly agreed to in writing with the consent of both parties, this Agreement shall supersede any other expressed or implied understandings or agreements between the Customer and AireSpring.

By signature below, Customer expressly agrees to be bound by the terms herein and as provided in each Attachment.

Additional Services, Equipment, Features, and Fees are incorporated into this document by reference: <http://additionalterms.airespring.com/AdditionalFees.pdf>

TERMS AND USAGE AGREEMENT

The terms of this Agreement will be for the period(s) listed in the upper section of this MSOA depending on the services ordered, or if no period is listed on the order form for a particular service, for that service the term of the Circuit associated with that service will apply. The start of billing for a Service begins on the Start of Service Date. The Start of Service Date shall be the earlier of i) the Customer's first use of the Service, ii) the date Customer is notified that the Service is active / available, iii) five (5) business days after Circuit Ready Date, (for orders providing an access/circuit loop), iv) five (5) business days after the start of a "Customer Delay of Installation", or v) thirty (30) days after Airespring ships equipment for locations outside the United States to Customer, regardless of a) whether all Services have been turned up at this or other locations, b) Customer readiness, c) Customer's non-use of Service, d) Customer desire to coordinate the timing of the turn-up or turn-down of other services at this or other sites, or e) failure to meet Customer-requested due date. "Circuit Ready Date" is the date the Customer's circuit is active, as notified by Airespring. "Customer Delay of Installation" is defined as an occurrence of Customer directly or indirectly delaying or impeding Airespring or Airespring's underlying provider for any reason from installing and/or testing Customer's access circuit / loop or Service. Customer indirectly delays Airespring or Airespring's underlying provider if the Customer site is not ready to accept Services, or if the Customer's employees, contractors, supplies, vendors, agents, assigns, property owner, property manager, or landlord does not allow, blocks, or delays Airespring or Airespring's underlying provider from installing or testing the access circuit / loop or Service. Customer networking issues, whether the result of improper network design, equipment issues, or incorrect information supplied to Airespring by or on behalf of the Customer, shall not relieve the Customer of the obligation to pay for the Service, including circuit charges, beginning on the Start of Service Date. In the event Customer places an order on hold or delays or impedes Airespring from expeditiously submitting Customer's order to underlying provider, Customer pricing may change as notified by Airespring. Orders placed on hold may require customer approval to proceed with implementation. Upon completion of any initial or any renewal term commitment, or if no term is specified above, for all non-SD-WAN services this Agreement shall automatically renew for successive one-year terms. For SD-WAN services, this Agreement shall automatically renew for successive one-year terms, and in no event shall the renewal term for SD-WAN services be less than one year. Customer contracts to pay the Monthly Recurring Charges ("MRCs") as listed above for the terms of this Agreement, or \$250 per account, whichever is greater. By signing this Agreement, Customer agrees to pay all applicable service, circuit port, loop and equipment MRC charges in advance, and any usage/overage charges in arrears. Customer's first bill shall include pro-rata of first month's service, as well as any Non-Recurring Charges ("NRCs"). In the event Customer terminates this Agreement after the Start of Service Date but prior to the end of the applicable terms, Customer shall pay to Airespring on demand, as liquidated damages and not as a penalty, an Early Termination Liability charge ("ETL") equal to the sum of i) one hundred percent (100%) of the MRCs for all of the months remaining in any applicable term for all International services, ii) one hundred percent (100%) of the MRCs for domestic loop/circuit charges for all of the months remaining in any applicable term, iii) one hundred percent (100%) of MRCs for all other domestic charges for the remaining months in the initial twelve months of the term, iv) eighty percent (80%) of the MRCs for all other domestic charges for the remaining months in months 13 - 24 of the term, and v) seventy percent (70%) of the remaining MRCs for all other domestic charges for the remaining months in the term, namely month 25 and after. With respect to Customer terminating the Agreement after the submission of paperwork to the underlying carrier but prior to the Start of Service Date, the ETL will be equivalent to Customer terminating during the initial twelve (12) months as described above. In the event Customer terminates this Agreement prior to the submission of paperwork to the underlying provider Customer shall be subject to the following fees: \$1000 per DS-1/EOC/Broadband circuit or \$3000 per Fast-E or similar circuit. For services ordered with Customer Provided Connectivity or where no circuit is provided by Airespring for such services, Customer shall pay a cancellation fee of \$750 per location if Customer cancels all or a portion of the order prior to Start of Service. For Wireless services, in the event Customer terminates any service plan prior to the Start of Service Date and/or shipment of any devices/equipment to Customer then, if Customer has signed for a term greater than month to month, Customer shall be subject to a cancellation fee which shall be equal to three (3) months of service plan charges; otherwise the cancellation fee shall be equal to one (1) month of service plan charges. If Customer chooses to purchase a wireless router/device from Airespring, a management fee of \$10.00 MRC per device will be required for 12 months; if Customer cancels service prior to completion of 12 months, then Customer will be charged the prorated balance. Additionally, a 20% restocking fee of the undiscounted, retail price of Airespring provided devices shall apply and be paid by Customer for all equipment returned unopened to Airespring and in original packaging within 30 days of shipment to Customer and prior to Start of Service. Equipment that has been opened or used may not be returned, and will be billed at the full undiscounted, retail price in the event Customer cancels service prior to Start of Service. Airespring managed routers, Wireless routers/devices, SD-WAN equipment, Firewall equipment, and/or any other devices/equipment, are pre-configured and sent to Customer to be self-installed; if Customer requests a professional installation Airespring will charge Customer an installation fee of \$1000. All local loop circuit install charges are quoted with install to the Local Exchange Carrier assigned building demarcation point (Demarc). Airespring will pass through any costs associated with extending wiring beyond the Demarc. In conjunction with the services ordered, Airespring may provide Customer with Customer Premises Equipment (CPE) on a rental or included basis. If service is terminated for any reason, Customer must return all Airespring and underlying carrier provided equipment within 30 days of termination, or Customer will be billed for the full new cost of the equipment. It is not necessary to return equipment purchased by Customer. Airespring does not bill VAT on its invoice. A VAT invoice and/or VAT Identification Number will not be provided.

All services provided to Customer by Airespring are governed by the terms of a Master Service Agreement, which may be found at <https://airespring.com/service-terms/> and Airespring's Acceptable Use Policy, which may be found at <https://airespring.com/service-terms/acceptable-use-policy-aup/>, both of which are incorporated into this Agreement by this reference. This Agreement represents the entire agreement between the Parties and supersedes and merges all prior offers, agreements, promises, understandings, statements, representations, warranties, indemnities and inducements to the making of this Agreement relied upon by either Party, whether written or oral, between or among Customer and Airespring as well as Airespring's agents, employees, and/or sales persons. This Agreement is voidable by Airespring if the text is modified without the written or initialed consent of an Airespring Officer. Except as may otherwise be provided herein, any amendments or modifications to this Agreement must be in writing and signed by an Airespring Officer. This Agreement shall be governed by and construed in accordance with the laws of the State of California. Customer hereby irrevocably submits to the personal jurisdiction of and consents to venue exclusively in any state or federal court sitting in the State of California, County of Los Angeles, in any suit, action, or proceeding arising out of or relating to this Agreement. Customer hereby irrevocably waives, to the fullest extent permitted by applicable law, any objection which such party may raise now, or hereafter have, to the laying of the venue of any such suit, action or proceeding brought in such court and any claim that any such suit, action or proceeding brought in such a court has been brought in an inconvenient forum. Customer hereby expressly waives the right to a trial by jury in any action or proceeding brought against customer relating to this agreement. Upon completion of any initial or renewal term commitment, (or in the event of a move, upgrade, downgrade, or change of underlying carrier,) any disconnection request by customer must be provided in writing 45 days prior to the requested disconnection date and customer will continue to be billed until after the disconnection is completed, or 45 days after disconnection notice, whichever is greater. Customer agrees that Airespring may request credit information from third parties and authorizes the release of such information from the customer's financial institution as part of this application for credit.

Additional Terms and Conditions are incorporated herein by reference: <http://additionalterms.airespring.com/AdditionalTerms.pdf>

INTERNET CIRCUIT INFORMATION AND PRICING

Managed Router/Gateway Shipping & Handling (Ground Shipping): \$50.00 (Expedited Shipping Additional)

For speeds above 100 Mb, if customer requires Network Address Translation (NAT) an upcharge may be applied.

If customer requires a fiber/SFP/Mini-GBIC handoff, additional equipment upgrade MRCs will apply.

WIRELESS BROADBAND INFORMATION

Wireless Broadband offers no overage fees, and includes a BEC - MX-200Ae, a Static IP address and a SIM Card. Data speeds for each plan are maximum speeds and are not guaranteed. After data usage threshold (8Mb/s = 50GB, 12 Mb/s = 75GB) has been met, Airespring may slow the data on that line. Shipping and Handling for devices is \$50.00 per unit.

VIASAT INFORMATION

ViaSat's data plans do not have a monthly data allowance. The amount of data you use will not affect your service speeds unless the network is congested. After you exceed the data usage threshold for your service plan during your monthly measurement period (Satellite – 35 Mbps / 4 Mbps = 75GB, Satellite – 60 Mbps / 4 Mbps = 150GB, Satellite – 100 Mbps / 4 Mbps = 200GB), ViaSat may prioritize your data behind other customers during network congestion which will result in slower speeds. All uploaded and downloaded data transmitted using your ViaSat service starting on the first day of your monthly measurement period will count towards your monthly data usage threshold. At the end of your monthly measurement period, your data usage resets to zero. The connectivity speeds listed are maximum connection speeds. Actual upstream and downstream speeds may be lower due to various factors. Due to Satellite distance, ViaSat latency is generally more than other Internet services and will, on average, usually be between 600ms and 700ms.

DEMARC EXTENSION CHARGES

\$300.00 per T1 -- Includes up to 2 hours of labor and 100 feet of Cat5e cable.
Additional labor: \$125.00 per hour, billed in 15 minute increments. Additional Cat5e cable: \$.25 per foot.
Fiber and EOC demarc extensions – ICB pricing

INSTALL TIMEFRAMES AND EXPEDITES

Domestic circuits:

Customer understands and accepts the following estimated installation timeframes:

90 days for services which utilize a Fast-E circuit, 120 days for services which utilize a Gig-E circuit, 30 days for services which utilize a broadband, wireless or satellite circuit, or 60 days for services which utilize all other circuit types. Actual installation timelines vary by underlying carrier and loop provider and are dependent on multiple factors, including construction requirements, availability of facilities and other variables.

International circuits:

Customer understands and accepts that installation timelines vary by underlying carrier and loop provider and are dependent on multiple factors, including construction requirements, availability of facilities and other variables.

Expedites:

Paid Expedites: Customer may request an expedite for an additional fee. All expedites must be approved by Airespring.

NOTE: Airespring cannot ever guarantee any installation timeframes including paid expedites.

INVOICING

Please note: \$5 monthly fee per invoice will be charged unless paperless billing is requested. If requested, paperless billing will apply to all customer accounts.

*Paperless Billing: ☐ Yes ☐ No *Email Address (must be provided for Paperless Billing):

NOTES

In the event customer changes a scheduled due date less than six business days from the due date, customer will be assessed a rescheduling fee. Please be advised that changes to a scheduled due date can impact service delivery timelines.

IP ADDRESS INFORMATION

All IP addresses are subject to approval from the underlying provider based on an IP Address Justification Form completed by customer. All prices MRC unless otherwise noted.

Orders of up to 256 IP Addresses from Lumen/Level3 Fiber, Cox, FairPoint, Verizon Fiber/IE, Frontier Fiber, and Ziply Fiber are free. Orders of more than 256 IP Addresses are ICB.

ViaSat: A persistent IP address is similar to a static IP address in that it is uniquely assigned to each device and is publicly addressable. ViaSat dynamically assigns up to three (3) free persistent IP addresses with each service.

*If Customer is using Airespring CPE one usable IP address must be assigned to this CPE.
