Grand Glaize Bridge Traffic Crash & Osage Beach City Hall Delayed Opening

Osage Beach City Hall has delayed opening today, Friday, Jan. 10, due to extreme winter weather conditions. City Hall business hours will be determined later today depending on how conditions develop. Residents should stay off the roads as long as possible to allow our snowplows to clear streets. Please direct residents to our Facebook pages and website for updates.

Currently, Grand Glaize Bridge is open and all accidents have been cleared. Earlier this morning, an Osage Beach Police Department patrol unit was totaled in a crash on the bridge. The patrol unit was parked with emergency equipment activated while the officer assisted with a separate crash involving another tractor-trailer. The Osage Beach officer was not in the patrol unit when the second tractor-trailer lost control and crashed into the unit. The incident is under investigation by Missouri State Highway Patrol.
